PROFESSIONAL SUMMARY

Highly motivated lead engineer with 8.5+ years of experience in architecting, developing, and delivering high quality end-to-end products in multiple different programming languages, along with AI capabilities. Interested in taking challenges, learning new technologies, and collaborating with technical and non-technical teams to push a product through finish line.

PROFESSIONAL EXPERIENCE

January, 2021 – Till date (5+ years)

Machine Learning and Backend Engineer @ Uniklinikum Magdeburg

- Led the re-architecting and re-implementation effort to replace a legacy MVC-based gamification clinical data collection software into AI-capable micro-service and container based system from scratch that was deployed in 9 different locations inside Europe and secured 1 SLA within my tenure.

Tech stack: NestJS, Python, TypeScript, MongoDB, Docker, RedisDB

- Built and deployed a flexible model server to host numerous ML models. Also, developed, trained, tested, and deployed numerous ML models.

Tech stack: Python, Pandas, NumPy, FastAPI, MinIO, MongoDB.

- Optimized a game app, which is the source of the data for this project, with machine learning to make the game shorter.
- Deployed CI/CD pipeline with **GitHub Actions** in stage and production for automatic code integration. Also, built an **ELK-stack** log aggregation platform to aggregate the container logs and monitor performance.

March, 2017 – March 2018 (1 year)

Backend and DevOps Engineer @ Orion Informatics Ltd. Dhaka, Bangladesh

- Backend: Developed and maintained web server in **Typescript, Java, MSSQLServer, Docker, and SonarQube**.
- DevOps: Developed a CI pipeline with **Docker, Groovy, TestNG, SonarQube, and Jenkins pipeline as code**.
- Kubernetes: Installed and Administered several on-premise and cloud **Kubernetes** clusters in **GKE**, and **DigitalOcean**.

November 2014 – March 2017 (2+ years)

Backend Engineer @ BizMotion Ltd. Dhaka, Bangladesh

- Participated in the design, development, and maintenance of an enterprise automation software from scratch in **Java Spring, with Hibernate, PostgreSQL**, etc. Secured 6 SLAs within my tenure.

EDUCATION

October 2019 – February 2025

Otto-von-Guericke-Universität, Magdeburg, Germany

M.Sc. in Data and Knowledge Engineering (Data Science)

Grade – 1.6

Master Thesis: Tweet veracity detection based on information propagation characteristics of the corresponding retweet cascades. (**Python, Flyte, Kubernetes, NetworkX, Pandas, NumPy**)

February 2010 – November 2014

Shahjalal University of Science & Technology, Sylhet, Bangladesh

B.Sc. (Eng.) in Computer Science & Engineering (CSE)

Grade – 2.1

VENDOR CERTIFICATIONS

AWS Certified Solutions Architect Associate (SAA-C03) | [Certificate Link](#)

Valid Till: September 2028

Microsoft Certified Azure Fundamentals (AZ-900) | [Certificate Link](#)

Valid Till: Indefinitely

VOLUNTEERING EXPERIENCE

- Volunteer Data Scientist

Data Kind

December 2022 – Till Date

Data Science for Social Good, Berlin

June 2022 – Till Date

Statistics Without Borders

February 2022 – Till Date

Academic Mentor, Support International, Faculty of Informatik, OvGU

June 2022 – Till Date

- President, United Cultural Alliance, SUST, Sylhet, Bangladesh

November 2013 – February 2014

- General Secretary, SUST Science Arena, SUST, Sylhet, Bangladesh

December 2012– February 2014

LANGUAGE SKILLS

German - B1 (TELC Certified), B2 (on-going)

English – C2
