PROFESSIONAL SUMMARY

Highly motivated lead engineer with 8.5+ years of experience in architecting, developing, and delivering high-quality end-to-end products in multiple programming languages, along with AI capabilities. Interested in taking challenges, learning new technologies, and collaborating with technical and non-technical teams to push a product through the finish line.

PROFESSIONAL EXPERIENCE

Machine Learning and Backend Engineer @ Uniklinikum Magdeburg January, 2021 – Till date

- Led the re-architecting and re-implementation effort to replace a legacy MVC-based gamification clinical data collection software into AI-capable micro-service and container based system from scratch that was deployed in 9 different locations inside Europe and secured 1 SLA within my tenure.

Tech stack: NestJS, Python, TypeScript, MongoDB, Docker, RedisDB, Nginx.

- Built and deployed a flexible model server to host numerous ML models. Also, developed, trained, tested, and deployed numerous ML models.

Tech stack: Python, Pandas, NumPy, FastAPI, MinIO, MongoDB.

- Optimized a game app, which is the source of the data for this project, with machine learning to make the game shorter.
- Deployed CI/CD pipeline with **GitHub Actions** in stage and production for automatic code integration. Also, built an **ELK-stack** log aggregation platform to aggregate the container logs and monitor performance.

Backend and DevOps Engineer @ Orion Informatics Ltd. Dhaka, Bangladesh March, 2017 – March 2018

- BackEnd: Developed and maintained web server for casting votes in the US share market.
Tech stack: Typescript, Java, MSSQLServer, Docker, and SonarQube.
- DevOps: Developed a CI pipeline with **Docker, Groovy, TestNG, SonarQube, and Jenkins pipeline as code.**
- Kubernetes: Installed and Administered several on-premise and cloud **Kubernetes** clusters in **GKE**, and **DigitalOcean**.

Backend Engineer @ BizMotion Ltd. Dhaka, Bangladesh November 2014 – March 2017

- Participated in the design, development, and maintenance of an enterprise automation software from scratch. Secured 6 SLAs within my tenure.

Tech stack: Java Spring, Hibernate, PostgreSQL.

EDUCATION

M.Sc. in Data and Knowledge Engineering (Data Science) October 2019 – February 2025 Otto-von-Guericke-Universität, Magdeburg, Germany Grade – 1.6

Master Thesis: Tweet veracity detection based on information propagation characteristics of the corresponding retweet cascades. (*Python, Flyte, Kubernetes, NetworkX, Pandas, NumPy*)

B.Sc. (Eng.) in Computer Science & Engineering (CSE) February 2010 – November 2014 Shahjalal University of Science & Technology, Sylhet, Bangladesh Grade – 2.1

VENDOR CERTIFICATIONS

AWS Certified Solutions Architect Associate (SAA-C03) | Certificate Link Valid Till: September 2028
 Microsoft Certified Azure Fundamentals (AZ-900) | Certificate Link Valid Till: Indefinitely

VOLUNTEERING EXPERIENCE

- Volunteer Data Scientist**
 Data Kind December 2022 – Till Date
 Data Science for Social Good, Berlin June 2022 – Till Date
 Statistics Without Borders February 2022 – Till Date
 Academic Mentor, Support International, Faculty of Informatik, OvGU June 2022 – Till Date
- President, United Cultural Alliance, SUST, Sylhet, Bangladesh** November 2013 – February 2014
- General Secretary, SUST Science Arena, SUST, Sylhet, Bangladesh** December 2012– February 2014

LANGUAGE SKILLS

German - B1 (TELC Certified), B2 (on-going)

English – C2
